**One- way system South Back Lane.**

NYCC have stated that it would be possible to put a “No Entry” on the road. However, they had rejected it initially because of the rural nature of the lane, as it was not appropriate for a Conservation Area.

NYCC were willing to consider the direction again provided there was strong evidence for a change, due of the process involved i.e. Legal, Funding etc. it could take up to a year to change

After discussion it was agreed to monitor the situation and raise it again with NYCC if it was felt necessary
