### The Children's Society

An envelope collection for The Children's Society has taken place around Stillington since 1988. During this time nearly £13000 has been raised. The Charity has now ceased collecting money in his way therefore there will not be a collection this year.

Stillington Church continue to support the charity at the Saint Nicholas and Christingle services in December.

**Many thanks go to all who have donated over the years and especially to the collectors past and present who gave their time to distribute and collect the envelopes**

### Village Litter Pick

**Thank you** to the growing band of volunteers for the Litter Pick on 15th March. Hambleton Council will duly collect the mountain of bags and rubbish. We also acknowledge the daily Litter Pick-Up that many residents do for the village and it does make a difference. It's how to educate people who hurl rubbish out of vehicle windows – be it bags of drink bottles or plethora of plastic bottles and crisp packets.

### Stillington and Farlington W.I. March Meeting

There will be beautiful hanging baskets this year as several of our members will be learning how to create their own at Brown's nursery.

Our team for the Federation Quiz are brushing up their brains for the event in May.

We have a varied programme coming up, do look out for the posters in the village as well as reading the Village News.

Our speakers for the evening were Anne Wall and Eileen Brereton. They gave us a fascinating talk about the many great houses in the North Riding of Yorkshire that became Red Cross Auxiliary Hospitals during the 1914-1919 war. Many interesting items were displayed for us all to see and we were amazed at how many houses were adapted to become hospitals for those injured in the war.

Our thanks were expressed by Jillian and several of us bought the book "Home Comforts" written by Anne and Eileen.

In April we will be going walking (in the comfort of our Village Hall) with Liz Cole, I wonder where she will take us? Watch out for more information on the posters!

**Margaret Jackson**

A big **thank you** to all that joined us for

### Council Notices

#### Stillington Parish Plan Review

The original Parish Plan was produced in 2003 and last reviewed in 2015. The next plan will be reviewed in June and we are applying for volunteers to come forward to be involved with this. Details are on the village website. If you are interested in helping with the next review please contact **Mary Midgley, Parish Clerk on 810285 or stillingtonpc1@hotmail.com**

#### Update on Village Pond Area Project

During a recent survey of the tree population around Stillington Village (major road routes and back lanes). The perimeter of the pond area was surveyed and a number of trees were identified as being a possible risk to the public and the adjoining neighbouring property to the east side of the pond area.

Unfortunately, this requires planning permission to carry out the work HDC have been contacted and planning permission has been applied for.

#### Neighbourhood Watch

Since last month there have been burglaries along Crayke Road, Easingwold and in Raskelf.

**Please advise the police on 101 if you see any suspicious person / vehicle : call 999 in an emergency and if anyone is in danger.**

**Your editors are: Emma Johnson & Tracy Sinclair. If you would like to contact us please do so using the Stillington News email.**

### To All Walkers and Runners

Many of us regularly walk certain routes around the village which are neither Rights of Way nor Permissive Footpaths and this is entirely at the behest and continued goodwill of the respective land owners. e.g. the woodland along York Road, south of the Children's Play area and through the length of woodland - "The Stripe" or Mystery Woods as often called; the farm track opposite Home Farm southwards across "The Park" to the Stripe; the cut-through after the Sewage Works along Skeugh Lane westwards over cultivated fields to join the farm track and the route upstream along the Foss Bank behind the kennels. We are extremely lucky in and around Stillington that our local landowners allow this and all walkers, either with or without dogs, are asked to be respectful of this.

#### Stillington Wanderers

25th February walk left Bulmer bank southwards to Thornton-le-Clay, Foston & back via Park House, then the interesting cluster of home at East Ings, up Scugdale & back into Bulmer village.

11th March was from Thirsk: along Cod Beck to South Kilvington & then south back via the allotments (adjacent to a Victorian cricket field we're told) ; past the well kept joint churches' cemetery; Thirsk Parish Church, Thirsk Hall; the original Vet's practice; Masonic lodge (still in use but windows bricked up after earlier vandalism); and over the castle mound back through the Marketplace.

**Next walks: Monday 8th and 22nd April. Meet outside the White Bear at 9.30am**

## Tennis Club

## Stillington Bowling Club – Opening Day

Our village club opens up again on **Sunday 14<sup>th</sup> April**. Everyone is welcome to come along from **2pm** onwards. Look around the club house, see the green and maybe watch a game. If you wish to have a go all you need are flat shoes, we will provide the bowls. Stillington bowling green and bowls club house is located at the Sports and Social Club, between the tennis courts and the rear of the main club building.

The Club is a great facility for the village and needs new players for the coming season. We play in a number of leagues, playing against local rivals. There is also lots of time for relaxed social games and practice. The bowls club is great for providing easy outdoor exercise and meeting up with other villagers, especially if you are new to the village, or wish to keep up social contacts.

If you are unable to make the opening day **Social Bowling commences Wednesday 8th May at 7pm** and continues at the same time on Wednesday evenings all season. Everyone is welcome to come along to these evenings too. Please come along and support your club.

## St Cuthbert's Short Mat Bowling Club - Done Good!

St Cuthbert's Short Mat Bowling Club, which bowls regularly, two or three times a week, has finally won the coveted Ryedale League. In the face of fierce opposition from major clubs and after almost 30 years of trying this was achieved with one of the smallest squads in the league. We need new members!

During the 2018-19 season, the Club won a total of 13 games and amassed an amazing 129 points. We won the league by the narrowest of margins over our nearest rivals, Kirkbymoorside.

The 2019-20 season begins in September and social bowling is available every Friday afternoon from the 6th September. You are all welcome - no equipment is required.

Our **heartfelt thanks** to the generous support and enthusiasm of Denis North - Stillington's unsung sporting hero! He is the first to arrive, and the last to leave, at every match. Both he and the Stillington Sports Club Committee have been more than generous in their support of our Club. **Thank You**. Finally, **thanks** also to Rob Warriner of Crayke, our hard working and enthusiastic Captain. He has been the driving force behind our success, with his unstinting enthusiasm praise and generosity. Without him and his hard working wife, Jenny, we would not have achieved this great victory. See you in September, Stillington!

### The future of Easingwold Friends of Chernobyl's Children

Many people in Easingwold and the surrounding villages will be familiar with the Easingwold Friends of Chernobyl's Children. Since 2010, the local branch of the national charity has been working to help deprived children from an area of Belarus still badly affected by the 1986 Chernobyl nuclear disaster, by bringing them to the healthy, restorative environment of North Yorkshire. Each summer for 5 years from the age of 7, children spend a 'month of love' with their host families.

Weekdays are spent enjoying a variety of educational and recreational activities as a group, while the weekends are spent with their host families. The local community has been extremely generous, with local doctors, dentists and opticians providing much-needed health checks free of charge, and hairdressers, shops, cafes, attractions, schools and individuals helping in many ways. The children benefit hugely from their time here in terms of their physical health and emotional wellbeing.

The current group of 12 children will arrive for their final visit in mid-June, so now it's time to begin planning for the next group. However, if another group of children it to benefit from this experience we are going to need new people to get involved.

There are many ways in which you can help, including: hosting one of the children or accompanying interpreters, becoming a trustee, helping to organise fundraising, or accompanying the children on activities during the visit.

**If you are interested in getting involved, you are warmly invited to come to the Galtres Centre on Wednesday 15<sup>th</sup> May at 7pm.** to find out more. There will be a short presentation, followed by an opportunity to ask questions and talk to supporters about their experiences.

**Your Village Defibrillator is kept in the Church Porch Available 24/7**

**\*Remember: Call an Ambulance, start CPR, get the Defibrillator - it will tell you what to do\***

## Countryside Notes

I am writing on the 18th March after a beautiful day, with warm sunshine. The daffodils have opened to their full golden yellow and they surely excite us as they did William Wordsworth so many years ago. Last week we had the gales for a number of days. I don't like them very much and nor do the sheep, they were excitable the day before they came and prompted the junior shepherd to ask if I had been feeding them jumping beans because the Hoggs (last year's lambs) were jumping and diving about so much. Just after writing the last notes, we had that very warm, mild spell that broke so many records. The warmth brought out some butterflies and a queen wasp, how amazing that she will be the mother of 10,000 wasps before autumn sets in again. She mated with the drones last weekend, then, along with the workers, they expired, leaving only queens to sleep the winter over.

I was pleased to hear the piping of Curlew at the beginning of the month as they fly to upland pastures for nesting. When on migration, they only sound an odd note or two. However, today one gave a recital of some length, so I am guessing that they will summer with us again. We have had some large flocks of Fieldfares about recently, making their unmistakable clacking sounds. They will soon be off back to Scandinavia where they nest. Bird migration will have been slowed down by the recent weather. However, there have been reports of swallows as far north as the Shetlands. I wonder if any of you readers saw the flock of Swans opposite the golf course earlier in the month? I only heard about them but would hazard a guess that they were Whooper Swans feeding on rotten potatoes in amongst the wheat. Our indigenous Mute Swans don't leave the water far. Unfortunately, the poachers were about recently and had left behind four deer skins where they had dressed them. We could do without their visitations through the night.

The woods are changing colour as the sap in the trees is drawn up by the sun to hungry buds that are beginning to open to their new green. Enjoy the excitement of spring as life springs up all round us, with colour and fragrances to share with us all.

## Weather Report March 2019

### Rainfall

With little rain in the second half of February the monthly total, of 33.5mm, was well below average.

By contrast, the first half of March has already given us a little over the average rainfall for a full month.

### Temperature

The temperature reached 17.4°C on February 26<sup>th</sup>! (The record February temperature for the York area is 17°C.) It proved a fitting end to a generally mild month. However, overnight was often cold with frosts in the first week.

There was more sunshine in February than in the past two years, 216kWh of energy being generated.

The first half of March has given us some mild temperatures in the teens, but frequently accompanied by strong winds, making it feel much cooler. Only one negative overnight temperature, on the 7<sup>th</sup>/8<sup>th</sup>.

MT

Janet Johnston would like to thank everyone who has helped, called and sent best wishes; it was really appreciated. "Sorry to have interrupted your film night!"

## Easter In Stillington

Do come and join us for our Easter celebrations in St Nicholas Parish Church and Stillington Methodist Chapel.

On **Maundy Thursday (18th April)** we celebrate Jesus Christ's last supper with his disciples with a **Communion Service at the Methodist Chapel (7pm).**

On **Good Friday 19th April** we remember this very sad day as we meet in front of the **Methodist Chapel at 11.45am** and carry a wooden cross from the Methodist Chapel to St Nicholas. We will erect it in front of the church for everyone to see during the Easter season. This will be followed at **12noon by a quiet service**, At the Foot of the Cross. Readings, meditations and prayers will help us to remember Jesus Christ dying a cruel death on the cross.

On **Holy Saturday 20th April** we continue this quiet, reflective worship with the Easter Vigil. **Arrive from 7.30pm** and you will be greeted with the symbolic washing of your hands as a sign of forgiveness. The church will be in darkness until candles arranged in the shape of the cross are lit at 8.00pm. A reading for Easter will be followed by an invitation to be anointed with the sign of the cross on the forehead. This is a sign of God's blessing, perhaps for healing or for the work you do in God's name, or for some other personal need.

On **Easter Sunday** we celebrate Jesus Christ's resurrection, when he left his grave behind and was seen by his disciples and many other people over the next 6 weeks. There will be **Holy Communion services at St Nicholas Church at 9.15am and the Methodist Chapel at 6.30pm**

Even if you can't get to any of these services do come into our church and chapel and see the Easter Garden and the church beautifully decorated for Easter. Spend a few moments in quiet thoughts and prayers for your family, friends, work colleagues, and for the nation and world. Do leave a request for prayer if you would like us to pray for someone or something.
