## Stillington Bonfire – Saturday 5th November

This year's bonfire will be held on Saturday 5th November in the field to the south of the Sports and Social Club.

The torchlight procession leaves the Village Hall at 6.45pm. For safety reasons, an approved traffic management company will close the High Street and York Road to traffic between 6.45 and 7.15pm. The bonfire will be lit when the procession reaches the field. Fireworks commence at 7.30pm. Arrangements are in hand for hot food and drinks to be available for purchase on the field. Boots or wellies are recommended footwear. Please note that for safety reasons, private fireworks and sparklers are not allowed on the field. Entry is free for children of school age and below. Adults pay £5 on the night or £4 for advance tickets, available at the post office. Tractors will collect material suitable for burning from around the village between 9am and noon on the day of the bonfire, in the usual way. If you have a large amount of material, please call

Andy on 810598 so we can consider collecting it early. Please note we will not take mattresses or plastics.

Please help! Your help is essential to the continued success of this long-standing and popular village event. To help with the field setup or rubbish collection, please come to the bonfire field at 9am on the day.

To help as stewards during the event, please call Graham Cookman on 810047 or Andy Hart on 810598.

\* Sports and Social Club will be open after the Bonfire and Fireworks on Saturday 5 November \*

## Stillington and Farlington

### WI

Here's my report from our meeting on Wednesday 12th October.

(A short one this time!)

Family problems meant that the speaker/demonstrator who was due to come and show us how to make a Christmas card couldn't come, so Margaret Jackson kindly agreed to show us some basic ideas about flower arranging.

(The Christmas card talk will be next month)

Margaret and Mary brought lots of foliage and some flowers, Margaret showed us how to make a small arrangement and then we each had a go and made one. We learned that the green foam used to support the arrangement should be left to soak in water and not "dunked", that stems of foliage and flowers should not be left too long or cut too short and that flowers should be in odd numbers.

An enjoyable and educational evening and we all got something to take home.

Thank you Margaret for coming to the rescue at such short notice.

Next month's meeting will be in Stillington Village Hall on Wednesday 9th November at 7:00, when we will learn how to make a Christmas card. As the speaker will be bringing all the necessary materials we do need to know how many visitors will be coming, so please let me know before the day.

Thank you.

Angela 07825 446687

## General Knowledge Quiz at the Sports and Social Club

The October quiz raised £280 for the Play Area for maintenance and equipment repair. Well done to the winning table: Rita and Les Bresnen with Pauline and Tim Drew.

**Friday 4 November quiz will be for the Tennis Club.**

## Stillington Wanderers

On Monday 26 September, a select band of 5 Wanderers, undertook a popular walk in good late summer weather from the top of Caulkley's Bank, just outside Hovingham. We headed westerly first, along the ridge, then down into Nunnington and along the River Rye towards West Ness where we came across a field full of migrating geese. We then climbed Caulkleys Lane, back up to the ridge and along to our start point, narrowly missing some inclement weather just north of us.

The Sutton Bank walk on 10 October incorporated 'the best view in England' along the Cleveland way; Dialstone Farm & the communications mast; racehorses from the Hambleton Stables galloping along the skyline and a record number and variety of mushrooms and fungi along the cycle trails & paths through the woods at Sutton Bank. The trails are a mixture of natural and manmade tracks for all ages and include a family-friendly 'pumptrack' which looks great fun.

We're told it's a record year for apples both in quantity & quality and the same must be said for Sutton Bank mushrooms and toadstools. (Photo if it looks OK in b&w?)

**Next walks are 7 and 21 November.  
Meet 9.30am outside the White Bear.**

## The White Bear Inn

**For many years, we at The  
White Bear, hosted Stillington  
Village Christmas Lunch.  
This was an opportunity for the  
community to get together,  
share stories and exchange cards  
over a hot Meal.**

Unfortunately, in recent years this hasn't been possible and has been requested by some, for us to reignite the tradition.

**We have put together a delicious  
menu and propose the date of  
Thursday the 17<sup>th</sup> of December.**

**To reserve your seat, please let us  
know by calling 01347810338, no  
later than Friday the 18<sup>th</sup> of  
November.**

Please note, the Christmas Lunch will only be going ahead if enough people would like to attend, we will confirm this in December's Stillington News.

**Menus are available from The White  
Bear or The Post Office**

## Emergency First Aid at Work Training

The Stillington Community Association has arranged the above course for Wednesday 14<sup>th</sup> December starting at 9.30am. until approximately 3.30pm. It will be held in the sports and social club. Teas and coffee will be provided but please bring your own lunch.

If there are any village organisations who would like to send a representative to take part in the training please let me know as soon as possible. The numbers are limited so it will be done on a first come first served basis.

For more information and to book a place please contact;

## STILLINGTON PARISH COUNCIL

The Council meeting was on Wednesday 5th October 2022 in the Village Hall with Cllrs Tim Drew (Chairman), Robin Conway, Graham Taylor, Christine Cookman, Tracy Sinclair, Richard Smyth & Robert Churton together with 2 members of the public.

### Public Session

Matters discussed were the proposed development off York Road particularly around the cycle track and recreation area.

### Grass Cutting

The working group reported back regarding the grass cutting tender for 2023/24 and this was agreed and would be sent out to potential contractors. Please contact the Clerk if you wish to tender for this contract.

### Noticeboard

A quote had been obtained for the repair and expansion of the Parish Council noticeboard and further quotes would be obtained.

### Vehicle Activated Speed Signs

After additional funding has been agreed for the VASS signs and the Clerk would now go-ahead obtaining quotes for the three posts and two signs.

### Policies

A set of twenty new draft policies had been produced and this review by the Chairman and Vice-Chairman was ongoing.

### Website

It was agreed that the Parish Council should have its own secure website and a web design company was nominated to undertake the project.

### Village Maintenance

The footway on the South of Main Street had been repaired but was still a hazard to wheelchair users and would be reported back to NYCC Highways. Fissures that had appeared in the carriageway of York Road on the village side of the 30mph speed sign and weeds were growing through the newly resurfaced Skeugh Lane were not deemed by NYCC Highways as meeting the intervention level.

### Next Meeting

Wednesday 2nd November in the Village Hall at 7.00pm.

Agenda items would include the grass cutting contracts and the review of the policies, communication with the Surgery Practice Manager and the proposed budget for 2023/24.

### The meeting closed at 8.20pm.

The Clerk to the Parish Council:

Nigel Knapton at [clerk@stillingtonparishcouncil.uk](mailto:clerk@stillingtonparishcouncil.uk)

## Weather Report - October 2022

### Rainfall

Rainfall in September, at 54.5mm, was about 10% below the average.

The first half of October has given us 31mm, about average. Not enough yet to replenish the reservoirs.

### Temperature

The September maximum remained at 24.1°C, on the 5th, while the minimum reached was 4.8°C, on the 26th/27th. In October, so far, the maximum has been 18°C, on the 4th, and the minimum 4.2°C on the night of 12th/13th. Sunshine in September gave me a modest 300kWh of solar energy, not untypical for September. ## The Bells! The Bells!

Well, the scaffolding's down and the bright, newly painted clock is up and running.

Now for the bells.

A comprehensive report on our bells has been prepared by the York Diocesan bell expert, John Arthur. The amount of "Bell" knowledge we have at St Nicholas is limited to say the least and, to be honest, there are parts of the very detailed report that we simply do not understand. In order to move things forward, we have asked John Arthur to come to the church to talk us through his findings. Something he was more than happy to do.

As a result, he is giving a presentation on Thursday 10 November at 2.00pm in the church. The presentation will concentrate on the report's findings but will also cover some more general aspects of church bells.

Now it is appreciated that church bells may not hold a fascination for everyone but we thought that there may be some in the village who wouldn't mind finding out a little bit more, especially about our own quite special village bells (one of which is judged to be of "national significance" in that it was cast circa 1500 and the timber frame itself is circa 1700). So, the presentation will be open to everyone who would like to come.

**St Nicholas Bells, A Presentation by John Arthur, Thursday 10 November 2.00pm at the church.**

**(There may even be a cup of tea laid on)**

## Difference of opinion on which lane to use at the roundabout below

After a near miss..very near!....I had this information from York Traffic division as I needed clarity. It was suggested that as many from our village might regularly use this road if the information could be circulated and it might help.

On the approach to the A1237 along Wigginton Rd, B1363, there are 2 signs (pictures attached) that clearly show that the right hand lane should be used to access Clifton Moor, where Roko is located, and the A1237 Westbound for Thirsk, Harrogate and Leeds. The left lane is signed for access to the A1237 Eastbound and to continue along the B1363 to York.

**November 2022**

**Speaker**

Our speaker for November is Bruno

Hannaman. His talk is "A Buzz

about Beekeeping" This is on Wednesday November 30th at 7.30pm in the Village Hall. Coffee and tea will be served before the talk.

### Seed Sale - Dobies

I have recently been in contact with Dobies and as I write this article, I am told that the seed catalogues and order forms should arrive in time to be distributed at the talk. Because this is a Group Scheme members receive a discount of 30%. If they have not arrived before our talk arrangements will be made to deliver them to members.

### Diary Date

Please put Thursday 15th December in your diary, "SGC Christmas Party". More details next month.

### Jubilee Hedge Planting

The hedge, which consists of 195 young saplings, is growing extremely well. If you have not seen it, it is on the right, East, side of the cemetery fence as you go through the gate. Our Secretary is arranging for a commemorative plaque to be made.

### Gardening Tips for November:

1. Clear up fallen leaves especially from lawns, ponds and beds.
2. Raise containers onto pot feet to prevent waterlogging.
3. Plant bulbs for spring display next year.
4. Prune roses to prevent wind-rock.
5. Plant out winter bedding plants.
6. Cover brassicas with netting if have a pigeon problem.
7. Insulate outside containers from frost, bubble wrap?
8. Stop winter moth damage on fruit trees by using grease bands around the trunk.
9. Put out bird food to encourage winter birds into your garden.
10. Use the Village Bonfire for your garden debris.

## To all Stillington Patients and Residents

A heartfelt thank you for the generous gifts and cards I received on my retirement. Knowing some for only a few months, others for nearly 30 years, has brought back many memories, mostly with a smile, some with a tear.

I consider it a privilege to have been part of a community, although not directly entering your homes but being allowed to enter your lives.

I am looking forward to treating myself with the money received. There are some interesting galleries around the area for me to look in. Amongst other gifts from the surgery, I received a wet suit, which had its first outing last week when John and I were away for a short break in Scotland at St Abbs. It was brilliant to be in the sea and not freezing. Further adventures are planned

The knowledge and experience I gained through my time at the surgery has been invaluable, especially the respiratory work.

Other knowledge, i.e., how to make the best Yorkshire Pudding, how to tend my vegetable patch, when and what to plant, even down to how to vaccinate a cow! Not that I intend to try it, although it is probably easier than trying to get shirt sleeves high enough for injections – YES, remember short sleeves for the flu clinics. The list is endless.

It just leaves me to say thank you once again, for making my nursing career a happy and rewarding experience at Stillington.

Take care of yourselves and each other.

## Countryside Notes November 2022

Tuesday 18th October. Another superb autumnal day. The colours of autumn are really wonderful this year with some ash trees a soft yellow just before leaf-fall, where other ash trees are very green. We have had no frosts as yet, which can send the leaves cascading down. Some bramble or blackberry runners have gone to an amazing dark red and lighter orange foliage, which contrasts well with other members of the hedgerow. Our Guelder-Rose, which is no rose at all, but rather belonging to the Viburnum family, is a flame of red and its translucent red berries shining out. This shrubby tree is good colour from spring green foliage and white flowers which are actually bracts with smaller creamy white flowers towards the centre of the flat flower heads. The trees in general have borne an amazing amount of fruit: Sycamore seeds were twirling down in the breeze last week, along with twisting Ash keys, all wanting to recreate the Forest of Galtres, so there will be a lot of weeding and digging out young trees from cracked paving, just another little job.

Last Saturday at 10.15pm the autumn drilling was complete, all done in good conditions, with good tilth to enable the seeds to grow in the warm moist soil, that makes a good start to next year's harvest. The grass situation is not too good due to the water shortage, but the grass seems good and palatable and the sheep are doing well on it, but soon the quality will fall off and then supplementary feeding will be needed. This is going to be a problem as animal feed is very expensive. 2 years ago, the price was £165 per tonne, today it is £345 per tonne, so cause for concern as we don't know what prices we will receive this coming spring. The financial position of the world is not good and ours is no exception. I must change the subject or we will all be depressed!!

The rainfall, though not too much, has had an amazing effect on our gardens. We have a pink rose, called Compassion, growing up a wall. I was rather late in deadheading it, but the rain came and with it new shoots and richly perfumed pink flowers that you can smell at 30 yards in the midday sun. The Cup and Saucer Plant (*Cobaea Scandens*) which we have watered all summer to little avail has and is producing flowers that start green and change to light purple, also the Morning Glory has deep sky-blue flowers that last only a day or so, both should be past their best by now. The border flowers are good and some are having a second flowering.

The very few Swallows have gone and we hope for better things next year, along with many more of our summer visitors. The Fieldfares and Redwings have not shown up yet, but we should soon hear their clackering calls. The worrying factor is Avian Flu that is about in dangerous outbreaks in the UK and across Europe and which threatens the domestic flocks of poultry and our food supply. The virus has been a back-end visitor for a few years but rather alarmingly has been about all summer.

Badgers are about, rooting in the grass fields, making a big mess and preparing the ground to receive wind blown seeds of thistles we could do without. I was told of a dog walker away from our village finding that Brock has dug out wasp nests for breakfast and dined on Hedgehogs for supper, which is a crying shame that's eliminating our prickly little friends.

This letter is like the autumn weather with its ups and downs but we are still charmed by the beauty of the season in all its colours. Drink it in and Rejoice.
